Bellini Small Spot Uplight with Extended Cap BL-0-BLK

Finish	Black
Housing	Aluminum
Lamp Type	MR11 not included
Lamp Holder	Ceramic socket with nickel contacts
Wiring	3' 18-2 direct-burial cable.
Mounting	Stake
Volts	12Vac
Fasteners	All fasteners are stainless steel.
Certification	ETL listed to U.S. and Canadian safety standards for low voltage luminaries (UL 1838).

Small and compact, yet highly durable. The extended cap helps to reduce glare. Suggested use is on any application requiring niche lighting and the light source is desired to be shielded from view.

Includes 2 Waterproof Connectors and Ground Spike
